

# Accreditation - Self Study

October 22, 2009

Our Accreditation Meeting last Tuesday, October 20 was fabulous! With 3+ hours of consecutive time, the faculty and staff got a lot of work completed! Thank you for your cooperation in giving us the time to work!

Mrs. Daudistel led the Staff In-service Day work session. She focused the staff on the value that we offer students and parents; directing us to examine our SWOT – our Strengthens, Weakness, Opportunities, and Threats. After examining these, the staff worked hard to construct the framework for our school philosophy, goals, and mission statement.

Final editing touches will be worked on over the next couple of weeks and then we will share with you our progress on our mission statement, philosophy/goals, and SLE's (Schoolwide Learning Expectations) for Preschool to 8th grade. *Stay tuned for more updates!*

## LAST CALL - Parent Surveys

**THANK YOU to those of you who turned in your parent surveys.** We have received 61! That is 38% of our parents, which is better than most schools receive. But we believe we can do better than that. Please call the school if you have lost your survey and we can direct you to another one.

If you simply forgot to turn it in please get them to us by tomorrow, October 23<sup>rd</sup>. Compiled results will be studied by the Accreditation Team. ALL your responses are very important and will become a part of our final document. The visiting team is always interested in how the stakeholders view the school and its programs.

**PLEASE** take a few minutes of your precious time to complete the pages.
