Important auction changes

On November 14th I attended the auction at Christ the King School with Lucianna Fischer and Stephanie Solomon-Lopez. It was a great auction and we learned a few new things. We have decided to make some changes in regards to Class Projects. Currently, we have all 9 grades making 4 different projects: Aprons, Art, Class Baskets and Quilts for a total of 36 projects. This is too much!

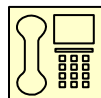

In the interest of streamlining this year's auction we have cancelled some of the projects for the Chair people who have NOT started their project. They should have received a call or email from Lynn McFarland on Wednesday. Chairs who have started their project, please continue and turn it in by the January 12 deadline.

The Live Auction packages are where the Parents Club makes most of its money! Oral Auction Chair, Anne Wand, will meet with us next week to discuss an aggressive action plan for Live items.

We all want the same thing: a successful auction for our children. We need to change our auction 'business model' to achieve our goal, a simple change in supply and demand. When we "flood the market" with 36 class projects, their value decreases. When we cut back to two, the value increases. Have you heard the phrase, "if everything is important, nothing is?" It holds true even for auctions!

Please check the back of this flier for the new re-organization of Class Projects. If you have ANY questions or concerns, please contact one of us!
